DIRECTIONS FOR USE

1. Cut plastic on top cap at dotted line.
2. Pull open and attach string or wire
3. Add water to fill line on bag.
4. Hang trap outside near a fly source (garbage, compost pile, dog run, stable) to draw flies away from home entrances and outdoor living areas. Strong odor may occur if not placed in well-ventilated area.
5. Attractant pouch will dissolve and activate within 2-5 hours, creating an odor attractive to flies.
6. Replace trap when full, when contents dry out, or after 30 days – whichever comes first.
7. Close cap.
